Bill Zonnon - '06 Forward - Northwood School (Prep)

- Elite Prospects

- Stats

Regular Season : 51GP 12G 15A

- Drafts

QMJHL : Round 1 #6 Overall (Rouyn-Noranda) - USHL : Round 3 #40 Overall (Chicago)

10/29/2021 - Oakland Jr Grizzlies U18 vs Northwood School

Confidence to take on defenders, draws penalty getting tripped down after beating man 1 on 1, stickhandling where he wants. Doesn't waste time once getting puck on stick, has a plan. Not overly physical on forecheck, smart body positioning to spin / miss checks and then take advantage of the open space. Frame and reach make him tough to get puck from once in 2 foot glide.

02/25/2022 - Northwood School vs Culver Academy

6'1" Montreal native has a big athletic frame and uses it well. Good mix of power and agility, with more power to come as he continues to fill out his frame. Struggled covering his point, and had some shifts where he never touched the puck, wasn't driving the play. Scores goal off good cycle play, has the reach, hands and offensive tendencies. Played half wall on powerplay, made quick decisions but wasn't a true scoring threat.

03/05/2022 - Northwood School vs St Andrew's College - Clarkson University

Frame and long legs, and has more to fill out in his frame. Gets into 2 foot glide early vs trying to beat defenders wide offensively, but Zonnon's frame makes it difficult to get to pucks, and has the hands / reads to make creative passes. Gets assist on 3 on 2 dot to dot pass, showing some deception looking off defenders. When receiving pucks, as long as Zonnon keeps feet moving, he is very difficult to handle. Showed a lot more fight in third, can be a force physically. Balance and size, along with his offensively ability makes Zonnon a top prospect.

Gavin Cornforth - '06 Forward - Thayer Academy (Prep)

Gavin Cornforth - '06 Forward - Thayer Academy (Prep)

01/19/2022 - Cushing Academy vs Thayer Academy

Loves to get to pace, and brings the pace throughout his shifts. Showed the fight to take big hits trying to make plays, didn't back down. Enters / exits pucks with speed and aggression but not overly physical. Sets up 4th goal on PK w/ smart anticipation to jump and win puck race -> quick hands to get to backhand for backdoor tap in on 2 on 1.

01/21/2022 - Thayer Academy vs Dexter Southfield

Very comfortable under pressure, Cornforth was never afraid to try to dangle into open space. Hands and pace, was very quick to get his feet going, seems to have an effortless jump to his stride. On powerplay, played his half wall well on his one timer side, scores after waisting no time on a dot to dot pass. Great sequence - starts rushing puck, dangles through one before getting to net -> engages physically in net front for point shot tip -> teammate finds rebound for goal. Smart on PK too, using fluid skating and smart reads to get back into lanes to intercept.

James Chase - '06 Forward - Bishop Kearney Selects (U15)

- Stats

Nationals : 5GP 3G 2A - Regular Season : 77GP 30G 50A (Elite Prospects)

10/16/2021 - BK Selects vs Pittsburgh Penguins Elite

Hardworking lefty, played in all situations & 5 on 5. Isn't overly skilled but plays within his own game, and is very effective. Is a hound for pucks, puck winner in DZ.

02/18/2022 - BK Selects vs Shattuck St Mary's

Brings the center lane drive / puck fight for his line. Gets assist winning foot race to loose puck and finding teammate quickly. Took a beating in front and never backed away.

02/19/2022 - BK Selects vs Shattuck St Mary's

The lefty brings the compete and puck protection needed for skill lines. Chase showed great puck protection below the goal line, resulting in a goal from the point after winning and protecting. Not the most pure puck handler but gets the job done, always finding way to keep puck moving where he wants. Also showed deceptive feet approaching pucks making it difficult on defenders to guess his next direction.

JJ Monteiro - '06 Forward - Mount St Charles (U15)

JJ Monteiro - '06 Forward - Mount St Charles (U15)

- Elite Prospects

<https://www.eliteprospects.com/player/618932/jj-monteiro>

03/30/2022 - Nationals : Sioux Falls Power vs Mount St Charles (RI Saints)

Skill with a solid frame, showed unreal release hitting crossbar after nice slide puck dangle through defenders tripod. Athletic build, Monteiro plays a skill, slightly power forward type game. Gets assist after winning / maintaining puck possession out of cycles.

03/31/2022 - Nationals : Mount St Charles (RI Saints) vs Windy City Storm

Was a force, scoresheet says 3 goals but really 2. Wheels are always going, draws penalty off draw getting hauled down, was a puck winner and showed he has the hands to be dangerous once gain possession. Played both wing and center. Goal #1 - off turnover during powerplay, beats goalie glove side from top of circles with no hesitation. Seemed to get better every shift, very tough to deal with once feet get moving. Loved to shoot, multiple chances outside of goals.

Justin Dumais - '06 Forward - Bishop Kearney Selects (U15)

- Drafts

QMJHL : Round 11 #187 Overall (Moncton)

- Elite Prospects

<https://www.eliteprospects.com/player/749278/justin-dumais>

- Stats

Nationals : 5GP 3G 0A - Regular Season : 79GP 21G 37A (Elite Prospects)

10/16/2021 - BK Selects vs Pittsburgh Penguins Elite

Dumais is a guy who won't stand out at first, but is a must watch. Simple yet effective in everything that he does. The left hander shields pucks with ease using his size and long reach, and was constantly retaining or regaining possession out of cycles. Was cool/smart on PP, collecting and distributing quickly.

02/18/2022 - BK Selects vs Shattuck St Mary's

Snipe early in first period, Dumais is constantly in control of body, with great balance at any pace. Skating the puck, Dumais has a long stride and great control with his hands. Top end speed is there, as well as the brain to operate at that speed. Isn't a player who seems ultra skilled, but made some creative, slick plays with the puck, slipping around or under opponents.

02/19/2022 - BK Selects vs Shattuck St Mary's

Lefty was a minus early but did a good job to recognize and stay with his man, just beat with a good hockey play. On powerplay, gets to the right spot on goal line and loose puck finds him for easy goal. Most impressive was hDumais' want to sell out and block shots on the PK, despite being down 4-1 during a regular season game. Shows the complete package he has to work with.

Justin Dumais - '06 Forward - Bishop Kearney Selects (U15)

04/01/2022 - Nationals : Pittsburgh Penguins Elite vs BK Selects (Rochester Saints)

Dumais stride is one made for power, yet simple, similar to his style of play. This combined with strong hands, and his willingness to engage in the battle makes him a prospect to watch. Supported the play in all 3 zones, Dumais is composed with the puck on his stick, making quick decisions / seeming to have a plan before the puck arrives. Was impressed with his ability to create under pressure, seeming to bounce off checks and a want to always win pucks.

Kody Dupuis - '06 Forward - Northwood School (Prep)

- Drafts

QMJHL : Round 5 #88 Overall (Shawinigan)

- Elite Prospects

<https://www.eliteprospects.com/player/721165/kody-dupuis>

- Stats

Regular Season : 49GP 5G 7A

10/29/2021 - Oakland Jr Grizzlies U18 vs Northwood School

Played both center and wing, got into battles with stick checks and smart body positioning, especially against larger defenders. Dupuis, the son of Pittsburgh Penguin great Pascal Dupuis, plays a similar way to his father. The left hander is constantly working under pucks, and follows plays up in a supportive position.

11/29/2021 - Brunswick Jamboree

The youngest member of the Northwood squad, Dupuis plays a big role for his squad. He is fearless and plays the game with a high level of compete. In the face off circle he won his draws despite being undersized. He was flying around the ice and had ample opportunities through out the day. He is a player that should hear his name on USHL draft day.

02/25/2022 - Northwood School vs Culver Academy

Pesky lefthander who is slightly undersized at 5'6" has an engine, was constantly chasing / harrasing puck carriers. Average acceleration, but has the stride and balance to build on. Gets assist finding lone man in front after getting in on forecheck and winning puck battle. Smart positionally, constantly aware of surroundings / positioning.

03/05/2022 - Northwood School vs St Andrew's College - Clarkson University

Played wing, the undersized lefty was hard on pucks. Never hiding from contact, Dupuis slides off hits very well, and showed great 5 foot awareness in corner / below goal line battles. Gets goal with smart reads of the rush, getting to mid slot at right time to tip point shot before getting engaged with.

Kyle Greene - '06 Forward - Bishop Kearney Selects (U15)

- Drafts

QMJHL : Round 14 #245 Overall (Halifax)

Kyle Greene - '06 Forward - Bishop Kearney Selects (U15)

- Stats

Nationals : 5GP 0G 2A - Regular Season : 64GP 7G 25A (Elite Prospects)

02/18/2022 - BK Selects vs Shattuck St Mary's

Right handed center with great deception in his stride. A slightly jumpy, 3 step stride allows Greene to gain great top speeds as well as make it hard for defenders to guess where he is going next. Went 50/50 on draws, but was hungry on pucks, with his skating driving the way. Took great routes in breakouts as well, getting to speed quickly and being a willing option with head up and communication.

02/19/2022 - BK Selects vs Shattuck St Mary's

The righty did a great job getting moving and being an option during breakouts, wants to be the option. Very good stride and controlled center of gravity. Just ok on draws but in each battle. On defensive side of puck, Chase showed great awareness and was quick to find and neutralize the nearest threat on backchecks / net front coverage.

Owen Phillips - '06 Defenseman - Pittsburgh Penguins Elite (U15)

- Drafts

QMJHL : Round 1 #7 Overall (Halifax) - USHL Round 12 #152 Overall (Chicago)

<https://www.eliteprospects.com/player/712192/owen-phillips>

- Stats

Nationals : 3GP 0G 2A - Regular Season : 80GP 7G 40A (Elite Prospects)

10/16/2021 - BK Selects vs Pittsburgh Penguins Elite

Righty w/ long legs, great patience with the puck, especially in tight spaces. Feet constantly up ice, head on swivel when defending. A prospect to consider due to his instincts and skating. So smart handling forechecks, extremely patient and constantly making the right decision. Played big part in 2 goals, finding teammates in soft areas on the powerplay, and smart shot decisions shooting far pad for rebound late in third to force overtime. Was constantly playing late in game

03/30/2022 - Nationals : St Louis AAA Blues vs Pittsburgh Penguins Elite

200 ft game, plays at pace, constantly trying to anticipate the play either jumping into play offensively or jumping plays defensively to neutralize before plays get going. Most impressive was Phillips composure with the puck, never seeming in a rush, and to have a plan B. Transitions very well backward to forward to retrieve pucks, with balance and long legs leading his skating stride. On PP , made simple, correct plays while also making some impressive, backdoor passes. Chase is trending to be a two-way defender, with some offensive upside.

Owen Phillips - '06 Defenseman - Pittsburgh Penguins Elite (U15)

03/31/2022 - Nationals : Pittsburgh Penguins Elite vs LA Jr Kings

Phillips was tough to handle facilitating breakouts, even under pressure, utilizing subtle body fakes to create separation. One rush, the righty showed great patience while being chased, then hitting a cross ice, backhand pass through the neutral zone, tape to tape. On the offensive side of the puck, Phillips plays on the cautious, but smart side, rarely jumping down from his point unless the opportunity is perfect. Was simple yet impressive on the powerplay, handling tough passes and moving pucks quickly, but could be more aggressive offensively. Phillips will be a USHL / possible CHL prospect because of his ability to do so many things well, on top of his size, and skating ability, especially with the puck

04/01/2022 - Nationals : Pittsburgh Penguins Elite vs BK Selects (Rochester Saints)

Nice puck protection on an entry rush on powerplay, making heads up back door pass. Was constantly engaged on D side of puck, never standing still, constantly engaging with nearest threat / head on swivel. Most impressive was Phillips ability to always be in the play, never lagging behind and getting engaged with every play. Skating ability is key, showed great balance / composure transitioning for dump in retrievals.

Sacha Boisvert - '06 Forward - Mount St Charles (U15)

09/27/2021 - 2021 USHL Fall Classic - UPMC Lemieux Sports Complex

Sacha, a Quebec native, is a very complete forward with a lot of tools to help him climb the ladder. He has a lot of room to fill out his 6'1 frame and already plays with a fair amount of grit. Has good hands in tight spaces and can make some really creative plays. Also a player who will backcheck and play hard in the defensive zone.

03/30/2022 - Nationals : Sioux Falls Power vs Mount St Charles (RI Saints)

The lefty generates a lot of pace - finished with 2G 2A, showing skill attacking on the rush, with balance / reach in his 2 foot glide to outreach sticks and get shooting lanes. Puck pursuit / physicality to knock pucks free -> leads to 1st goal. Goal #1 - gets into house, quick to deke forehand backhand around goalie. Goal #2 - no hesitation shooting off rush, beats goalie clean.

- Stats

Nationals : 4GP 1G 4A

09/27/2021 - 2021 USHL Fall Classic - UPMC Lemieux Sports Complex

Will is a puck-moving defenseman with a ton of upside. His skating jumps out at you, he's a player that can carry the puck end to end and escape forecheckers with ease. Picks out some very impressive passes in the offensive zone and can create scoring chances with his playmaking. He's not bad in his own end either, with an active stick and smart reads.

10/17/2021 - Northeast Pack - Bridgewater, NJ

Felicio has very quickly established himself as one of the top offensive defensemen in the country. He's a shifty and speedy skater with excellent hands and poise whenever he has the puck. While he lacks the booming slapshot of a classic offensive defenseman, he can consistently get his wrist shot through traffic and on target. He was a constant threat and finished with 2 goals and 2 assists in 3 games.

03/30/2022 - Nationals : Sioux Falls Power vs Mount St Charles (RI Saints)

Left handed - effortless release. Finished with 1G 1A. Defends with stick/feet, then body. Does everything very well, at slightly above average pace but not the quickest / isn't rushing end to end. Scores short handed getting up into play, beating goaltender with a blocker side snipe. Creative moving the puck, smarts/senses are key to his game. Poised, effortless skating

03/31/2022 - Nationals : Mount St Charles (RI Saints) vs Windy City Storm

Impressive walking the blue line with head up and in control while faking with head / hands. Smart decisions constantly with the puck. Got chances but would like to see harder wrist shot / better shot mechanics

William Shields - '06 Forward - Bishop Kearney Selects (U15)

QMJHL : Round 1 #11 Overall (Cape Breton) - USHL : Round 10 #146 Overall (Lincoln Stars)

10/16/2021 - BK Selects vs Pittsburgh Penguins Elite

Explosive attacking when he wants to be, Shields can be dangerous off the rush, and created some chances in the 3rd + a nice stutter step fake in OT that completely fooled the defender. Didn't create much prior to 3rd though, isn't driving the play, more waiting and reacting.

10/17/2021 - Northeast Pack - Bridgewater, NJ

The Nova Scotian may have been a bit quiet on the scoresheet, but it wasn't for a lack of effort on his end. He created a ton of scoring chances and got shots on net often and consistently. He battled hard around the net and set up a number of scoring chances with his passing as well, just didn't have the luck of the puck here.

02/18/2022 - BK Selects vs Shattuck St Mary's

Goal off faceoff from distance but poor goal for goaltender. Impressive away from puck, intercepting passes and is quick to find teammates once winning possession. The righty has the stride and pace to beat defenders wide, with the hands to be difficult to manage for defenders. Great puck protector, has great sense of when to step into open space to always be shielding the puck.

02/19/2022 - BK Selects vs Shattuck St Mary's

Head up / confident carrying the puck, controlled but not the most explosive laterally, more of a downhill rusher. The righty showed great anticipation to break at the right time to get free for breakaway, handles and composure at pace but doesn't finish. Scores goal on wrap around after battling supproting cycle -> right spot at right time for rebound. Was quick to get puck from receiving to release on PP .

04/01/2022 - Nationals : Pittsburgh Penguins Elite vs BK Selects (Rochester Saints)

Seemed a tad off, wasn't the cleanest handling pucks as he usually his / had some chances rushing the puck but had chances blocked or stripped last second. Offensive tendencies, and skating ability is there, along with a solid frame. Showed nice handles to get loose for breakaway, but couldn't finish in tight. Shields' anticipation of the play allows him to break a half second early, and is tough to handle once he gets going. Had 2 3rd period penalties, but just one was a 50/50 hook.
